

1. What is precipitation? _____
2. What is the unit of measurement for precipitation? _____
3. What unit is temperature measured? _____
4. According to the climatogram, what is the average amount of precipitation in the month of September? _____
5. According to the climatogram, what was the average temperature for the month of February? _____
6. According to the climatogram, what is average amount of precipitation in the month of May? _____
7. According to the climatogram, what was the average temperature for the month of December? _____

CREATE YOUR OWN CLIMOGRAPH!

Directions: Use the statistics on precipitation and temperature in each table to create a *climograph* for each city in the blank graph. Use the examples you used if you need help.

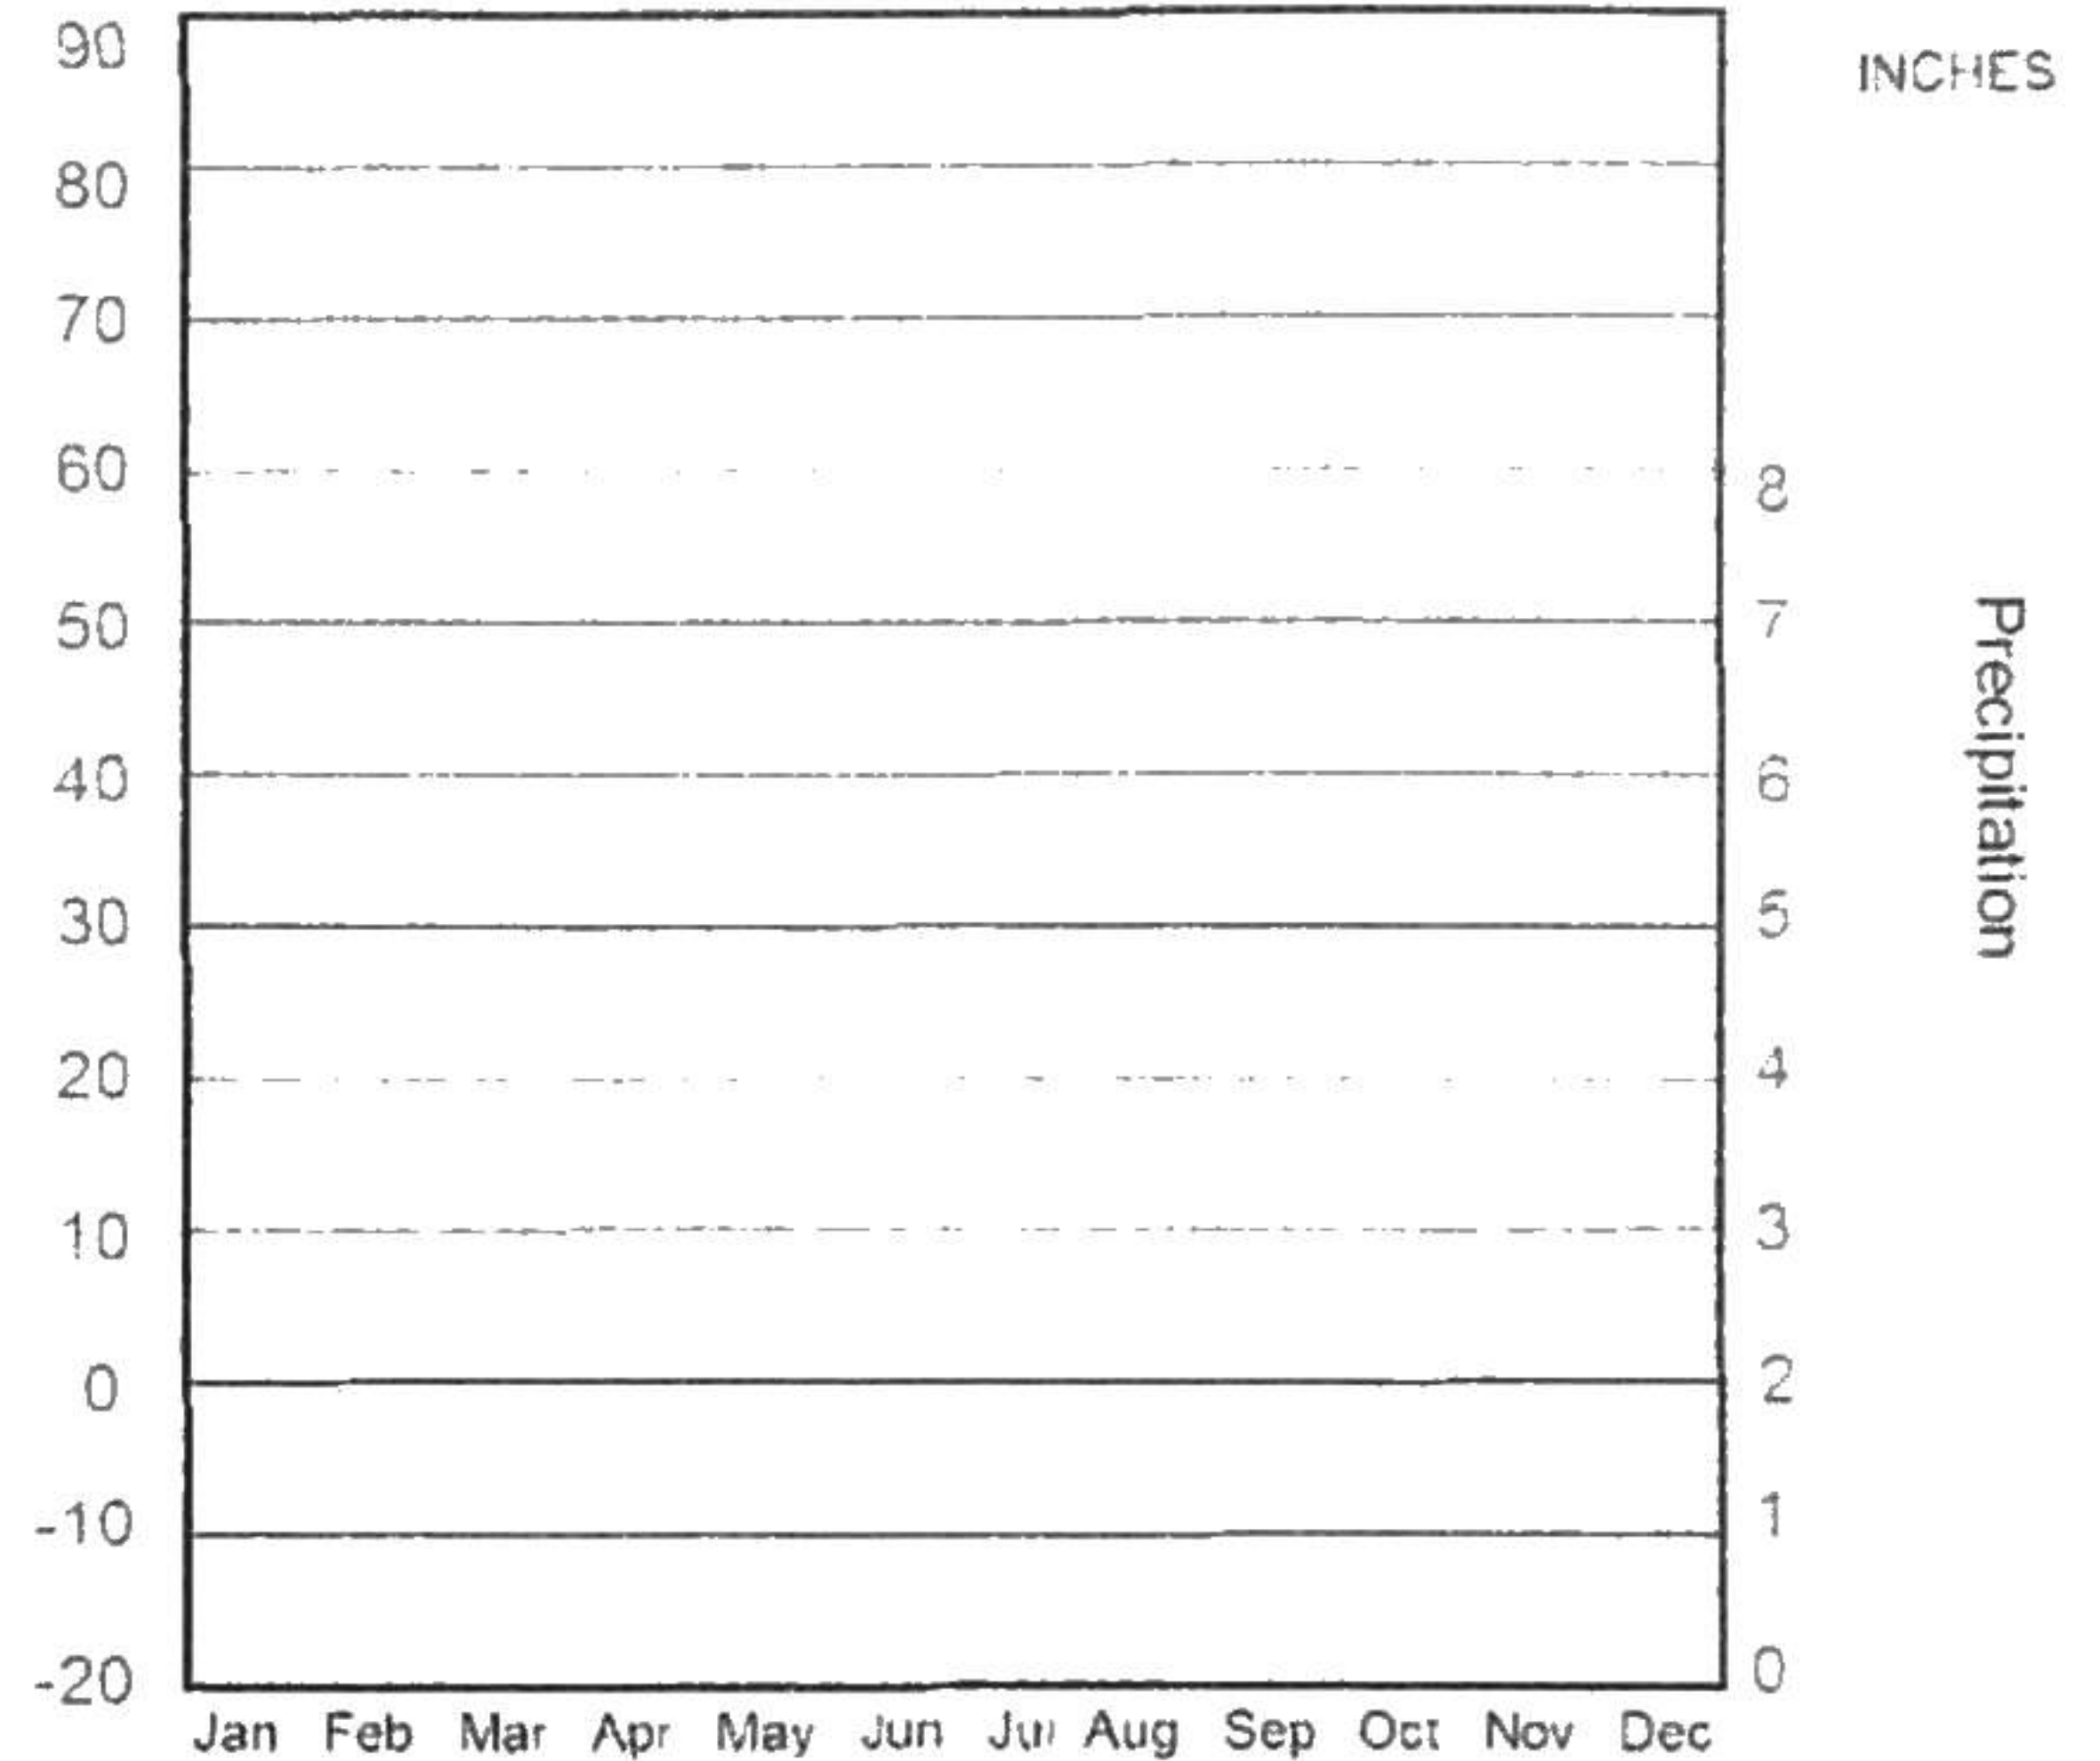

Elev: 118 ft Lat: 32°47' N Long: 79°56' W

Climograph for _____

	Temperature	Precipitation
January	48 degrees	3.5 inches
February	51	3.5
March	58	4.5
April	65	3
May	73	4
June	78	6.5
July	82	7
August	81	7
September	76	5
October	67	3
November	58	2.5
December	51	3
